

Learning Log Tasks for Sky classes.

Spring Term 1

Through the Keyhole

Feel free to carry out the below activities in any order. Learning logs will be sent home on a Friday and please hand them back in on a Tuesday if you have completed any work.

Activity 1: Think about people in the emergency services who help us (especially firefighters) and what their job involves. Can you research and record facts about them? Use headings and subheadings to help organise your work.

Activity 2: What can you find out about The Monument in London?

Activity 3: In Science we'll be looking to keeping healthy. Find out what a human needs to stay healthy and make a poster to present your findings.

Activity 4: Write a diary entry imagining you are witnessing The Great Fire of London. Remember to use adjectives in your writing.

Activity 5: My Playground Sculpture Design: Design a piece of outdoor sculpture for your school playground. Think about what shapes to include and the materials you would use.

Activity 6: Complete different time challenges. Estimate long it will take you to do the following; Write your name 20 times, 15 star jumps, run to every room in your house and back.....and lots more. Time yourself to see how accurate you were.
